

BUS 261: Group Assignment #1

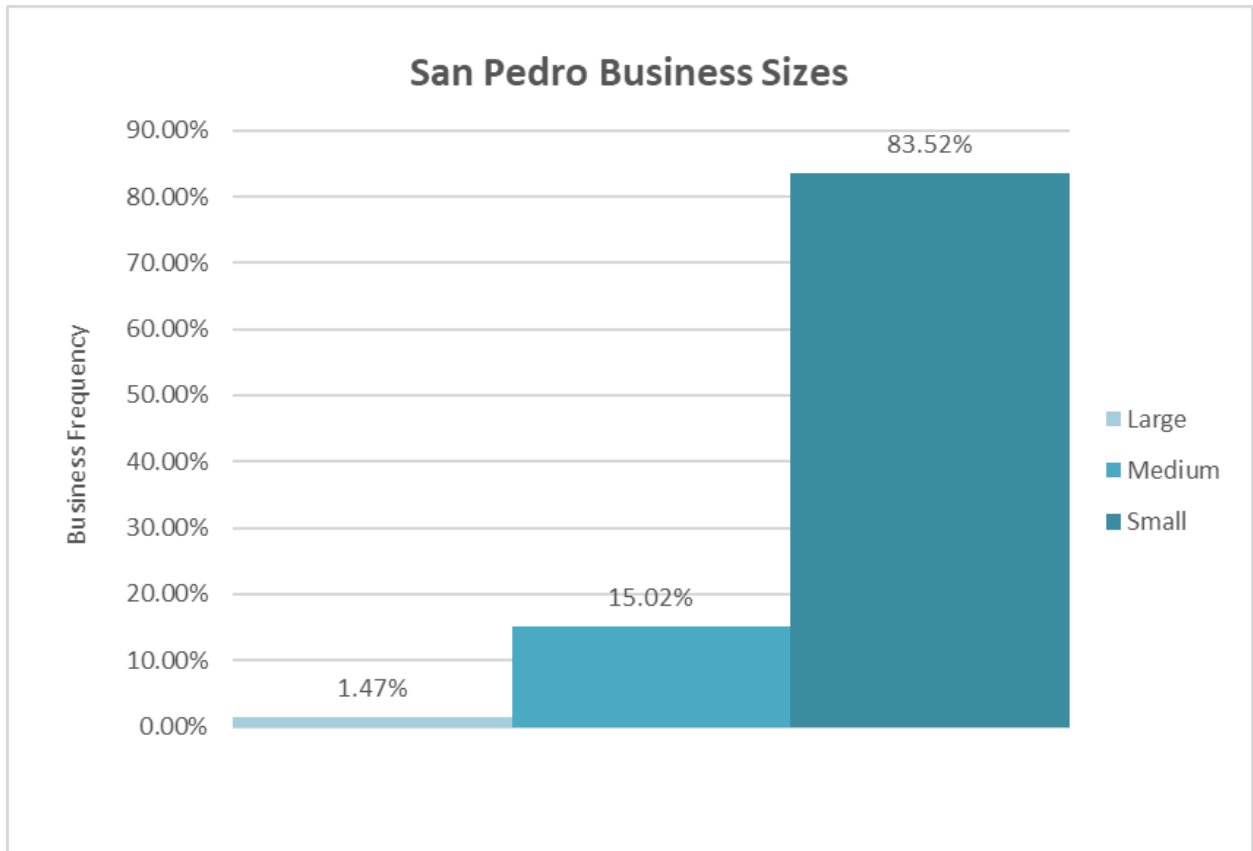

Carlos, Aubry, Andrea, and Sophia

Banks have at least a 13% risk factor when lending for home loans due to a majority of Divorcees defaulting on payments. This means that there is a chance that 13% of the loans given out to purchase homes will go into default.

Small Businesses bring in a majority of sales revenue compared to medium and large.

San Pedro's large businesses have the smallest workforce when compared against medium and small businesses.
